Proposed Research Topic and Purpose

Provide a brief description or a descriptive title of your research question. Expand on your topic or question by describing what you hope to accomplish and the desired outcomes. Elaborate on the practical or theoretical benefits to be gained.

Background

Describe the context of the proposed research, making it clear how this context will allow you to accomplish your stated purpose. (100 to 150 words)

Method

Describe in detail the steps you will take in attempting to answer your research question. (500 to 600 words)

Final Product

Describe the form your results will take and how you propose to share the findings.

Schedule

Provide the significant milestones of the research. The completed product is due no later than August 30, 2012.

Limitations and Constraints

Describe conditions beyond your control that place limits on what you can do and the conclusions you may be able to draw. Describe any self-imposed boundaries on the study you determine as necessary.

References

Provide a list of reference work.
